

Sprb-Capstone- ReadMe for Step 5

Here are the file submitted for this step:

1. Document 'AOTA _Design and Implementation.pdf', which summarizes the design and implementation.
2. Source code
Source code scripts are in 'source code' folder
3. Log files

Provided are 3 logs, each for one of main processes and 'log_metric.log', which stores the read/write metrics:

- log_Download_process.txt
- log_ETL_process.txt
- log_Integration_process.txt
- 'log_metric.log'
